As will be seen from the announcement on another page, all telephone rates are to be increased May 1. There will be an increase of 50 cents a month on business telephones and 25 cents a month on house telephones. The reason given for these increases is the recent increase in the wages paid to operators.  
The members of the Macabees came together for a very interesting special meeting Friday evening. Miss Rose Miller, deputy supreme commander, was present for inspection. There was a large attendance and two candidates were initiated into the order. Miss Miller gave a very interesting, as well as instructive, talk on the work of the Macabees and the trip to Port Huron in July. It is hoped the members will all work hard for the next few weeks for the trip to Port Huron. Refreshments were served after the meeting, with Mrs. Ida Russell acting as chairman of the committee.

The celebration dance given in Spaulding assembly hall Saturday evening was enjoyed by a large number of both students and alumni in rejoicing at the victory last Friday evening, which makes Spaulding the state champion in basketball. Some of the players and principal Hunt were called upon to say a few words, to which they responded, speaking of the wonderful improvement of the team since the beginning of the season, all the members except Carpenter being green at the game at the first part of the series. Much credit was showered upon Coach William Stuart for his successful work with the players. All the members of the team were cheered by those present. Dancing continued until 11 o'clock, when, according to the rules of the school, Reardon's orchestra poured forth the strains of "Home, Sweet Home."

### SHE NO LONGER SUFFERS FROM SICK HEADACHE

Vermont Woman Is Glad to Recommend Tonic That Brought Her Relief.

Women who suffer from sick headaches can never plan a day's work or day's pleasure ahead. They can never tell at what hour the headache will come on with such severity that they must go to bed in a dark, quiet room, unable to retain food or to sleep. They are naturally envious of the hardy, robust, healthy, fresh-skinned woman who is never upset by an unusually hard day's work or an exciting day of pleasure. Years of fighting and enduring pain have forced many of them to believe that there is no relief and that this sickness must be a lifelong burden.

Mrs. C. A. Bennett of No. 11 First street, Barre, Vt., suffered from sick headaches for years and when almost despondent of ever finding relief she learned of a tonic that so effectively enriched the blood that the impoverished nerves were strengthened and the headaches relieved.

"I had suffered from headaches for years," explained Mrs. Bennett, "and I became badly run down. My headaches were intermittent and generally came on when I got up in the morning. Sometimes they were so severe that I'd drop in a faint and I would have to go to bed for days at a time. My appetite was poor, and I couldn't sleep well."

"A friend told me about Dr. Williams' Pink Pills, and I determined to try them, largely because nothing else that I had taken afforded me any relief. After I had taken one box there was a noticeable improvement in my condition. I have now been entirely free from headaches for some time, my appetite is improved and I sleep soundly and am rested when I rise in the morning. I continued the use of Dr. Williams' Pink Pills after my headaches disappeared, until I had gained strength. I have recommended the pills to my friends, for I know they are an excellent tonic."

Dr. Williams' Pink Pills are sold by all druggists or direct from the Dr. Williams' Medicine Co., Schenectady, N. Y., on receipt of price, 50 cents per box, six boxes \$2.50. Write for free book on nervous disorders.—Adv.

Among those returning from Boston this morning were: T. A. Newcombe and son, Howard; Adam Riddell; Miss Dorothy Averill; Miss Eva Smith and Misses Margaret and Loretta, Dowers. They were among the Vermont delegation that witnessed the parade of the 26th division Friday.

Joe Hoyt, a former resident of Barre, is spending a few days in the city disposing of property on Merchant street. Mr. Hoyt is associated with W. H. Conner on a large farm in Peruville. Friends of the Conner family will regret to learn that Mrs. Conner is quite ill. Mr. Hoyt in noticing mention being made from time to time of old papers, has in his possession a copy of the Windsor Journal, printed by Spooner, dating back to 1801. Much interesting reading is contained in the aged sheet.

A number of baseball fans of this city are interested in seeing a series of games played with Montpelier seminary and Goddard. Those who are acquainted with players of both teams, believe some very interesting contests would take place if arrangements could be made for the games. Apparently the Capital city seminary team severed connection in athletics with the local seminary three years ago, owing to the unevenness of the players, the latter school having several baseball artists. Coach Brackett, who hopes to have his men do considerable practice this week also wishes arrangements could be made to bring the two schools once more together on the same field, as much interest and a good crowd would be assured.
